

# Making a donation to The Soulsby Foundation

The Soulsby Foundation was established in 2016 by Lord Soulsby of Swaffham Prior to "support research and other charitable activities associated with promoting the concept of 'One Health' among the medical and veterinary professions internationally"

The main activity of the Foundation is to provide for Travelling Research Fellowships known as "Soulsby Fellowships". The Trustees aim to award one or two Soulsby Fellowships annually, each to a value of between £10,000 and £20,000, to individuals who have proposed impactful projects within the international field of One Health through a competitive application process.
